EDUCATION

Bachelor of Engineering(B.E.)

2020 - 2024

Information and Communication Technology

Adani University, Ahmedabad, Gujarat | CGPA: 7.41/10

EXPERIENCE

UI/UX Developer

July 2023

AU-IQM HACKATHON, Ahmedabad

- Designed comprehensive UI/UX solutions for both web and mobile applications.
- Created detailed wireframes, interactive prototypes, and polished final mockups.
- Managed complete design documentation and optimized user flows for enhanced usability.

Event Manager

Jun 2021 - Jan 2022

Young India, StartUp

- Planned and executed **student workshops** across multiple schools to raise awareness about the Young India initiative.
- Delivered compelling pitches that successfully influenced participation from **10+ schools**.

PROJECTS

DayBit

May 2025

React.js | TypeScript | Firebase (Authentication, Firestore)

- Developed a **debit/credit tracker** with an interactive **heatmap calendar** for transaction visualization.
- Implemented secure user authentication via **Firebase (Google & Email)** and managed data with Firestore.
- Enabled financial analysis, including year-wise review and **color-coded spending patterns**, built with **React.js** and **TypeScript**.

Wordle

Apr 2025

Next.js | Tailwind CSS | TypeScript

- Engineered a fully functional **Wordle game clone** with optimized core **word-guessing** logic.
- Leveraged **Next.js** for performance-optimized server-side rendering and routing.
- Designed a responsive UI using **Tailwind CSS** and ensured code quality with **TypeScript**.

KeepMe

Mar 2025

React.js | JavaScript | Firebase (Authentication, Firestore) | Bootstrap

- Developed a comprehensive **note-taking application**, replicating Google Keep's core features including note creation, secure storage, and dynamic editing.
- Integrated secure user authentication via **Firebase (Google Login)** and utilized **Firestore** for real-time note persistence.
- Crafted a responsive interface with a **Masonry layout** and incorporated a **Bootstrap modal** for streamlined note editing.

Gemini Clone

Dec 2024

React.js | JavaScript | Firebase (Authentication)

- Integrated Firebase Authentication** for secure user login and implemented a **dark theme** for enhanced UI/UX.
- Built a dynamic and responsive user interface using **React.js** and **JavaScript**.

ACHIEVEMENTS & AWARDS

- IQM 24-Hour Hackathon Winner
- Demonstrated strong leadership in organizing school events.

SKILLS

Javascript • Typescript • Python • HTML • CSS • React • Bootstrap • Tailwind • MUI •
Node.js • Express • MongoDB • Firebase • SQL • Git • GitHub • Postman • Figma
