EDUCATION

Bachelor of Engineering(B.E.) 2020 - 2024
Information and Communication Technology

Adani University, Ahmedabad, Gujarat | **CGPA:** 7.41/10

EXPERIENCE

UI/UX Developer July 2023

AU-IQM HACKATHON, Ahmedabad

- Designed UI/UX for both web and mobile applications
- Created wireframes, prototypes, and final mockups
- Handled complete design documentation and user flows

Event Manager Jun 2021 - Jan 2022

Young India, StartUp

- I made a list of schools where we'll organize free workshops for students and informed them about the Young India initiative.
- My pitches influenced 10+ schools.

PROJECTS

DayBit Mar 2025

React.js | TypeScript | Firebase (Authentication, Firestore)

- Developed a **debit/credit tracker** with an interactive **heatmap calendar** for transaction visualization.
- Implemented secure user authentication via **Firebase (Google & Email)** and managed data with Firestore.
- Enabled financial analysis, including year-wise review and **color-coded spending patterns**, built with **React.js** and **TypeScript**.

Wordle

Apr 2025

Next.js | Tailwind CSS | TypeScript

- Developed a functional **Wordle game clone** with core word-guessing logic.
- Leveraged **Next.js** for performance-optimized server-side rendering and routing.
- Designed a responsive UI using **Tailwind CSS** and ensured code quality with **TypeScript**.

KeepMe

Mar 2025

React.js | JavaScript | Firebase (Authentication, Firestore) | Bootstrap

- Developed a **note-taking application** replicating Google Keep's core features, including note creation, storage, and editing.
- Implemented secure user authentication via **Firebase (Google Login)** and utilized **Firestore** for real-time note persistence.
- Designed a responsive interface with a **Masonry layout** and integrated a **Bootstrap modal** for efficient note editing.

Gemini Clone

Dec 2024

React.js | JavaScript | Firebase (Authentication)

- **Integrated Firebase Authentication** for secure user login and implemented a **dark theme** for enhanced UI.
- Built a dynamic and responsive user interface using **React.js** and **JavaScript**.

ACHIEVEMENTS & AWARDS

- IQM 24-Hour Hackathon Winner
- Proven Leadership in school event organization

SKILLS

Programming Languages
Javascript, Typescript, Python

Databases
MongoDB, Firebase, SQL

Frontend Technologies
HTML, CSS, React, Bootstrap, Tailwind CSS, MUI

Tools & Platforms
Git, GitHub, Postman, Figma

Backend Tech
Node.js, Express
